

TECHNISCHE  
UNIVERSITÄT  
DARMSTADT

Technische Universität Darmstadt | Karolinenplatz 5 | 64289 Darmstadt

To  
International Students  
at TU Darmstadt

## Share your study experiences with your university

Dear international students,

At TU Darmstadt we continuously strive to **improve the conditions of studying for international students**. Currently, we are planning a preparatory course for international Bachelor students in order to enable a successful beginning at our university.

To match the content of the course with the needs of our future international freshmen and women, **we would like to find out more about your experiences as undergraduates**.

Therefore, we are looking for international students who are currently enrolled in one of TU Darmstadt's undergraduate programmes and those who have graduated with a Bachelor Degree from TU Darmstadt or another German university. We would be very pleased if you were willing to take part in a **personal interview** to share your study experience with us.

### Why participate?

- You can contribute to improve the conditions of studying for international students at your university
- Your experiences and ideas will make a difference! They will help to provide other students with a successful start at TU Darmstadt

If you would like to participate in an interview, please send an e-mail containing your name, degree programme and your home country to contact our student assistant Michael Röhrs (roehrs.mi@pvw.tu-darmstadt.de).

We are looking forward to hearing about your experiences!
