

# Postdoc Career Programmes

Technical University of Darmstadt

## Career Bridging Grant

Interested in applying for external funding to finance your own position? Apply for this grant to financially bridge the time up to the potential start of your funding.

## 'Future Talent' Guest Stay

Want to become a TU Future Talent and visit one of Germany's top technical universities? TU Darmstadt invites young researchers from abroad to discover research and career opportunities.

## Ernst Ludwig Mobility Grant

Interested in gaining international experience? This grant offers postdocs the opportunity to go abroad to work and network with international scientists.

## Re-entry Scholarship

Combining academic career and family? TU Darmstadt supports female scientists with 're-entry scholarships'.

## Ingenium Postdoc Training

Facing new challenges as a postdoc? This new qualification programme - starting in April - is specifically tailored to your needs in the postdoc phase and supports you in gaining professional competencies.

## Ingenium Support Package

Looking for financial support for small projects? This package provides financing for networking activities, organisation of conferences, mobility with family, and special teaching or research purposes.

## Athene Young Investigator

Are you aiming for a professorship? This programme promotes the scientific independence of exceptionally qualified postdocs by giving them the chance to lead an independent junior research group.

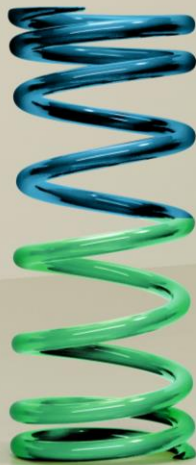

**APPLY!**

**Cut-off-date: May and November**
