## **Information on the Unemployment Insurance**

---

**here: Employer's duty of information pursuant to section 2 subsection 2 sentence 2 no. 3 of the German Social Security Code III**

We would like to inform you of the following: Should your temporary employment be followed by a period of unemployment, you are obligated to report to the Bundesagentur für Arbeit [German unemployment office] within three months prior to the end of your employment that you are seeking work. You have to give such report by telephone, as a first step, and after fixing an appointment, you have to report personally at the Agentur. Your failure to comply with this obligation may result in significant decreases in the unemployment benefit granted.

Should your employment end earlier than the expiration of the term prior agreed upon (through dissolution contract or termination) and should the time-span between your knowledge of the end and the actual moment of ending be less than three months, you will have to report to the Bundesagentur für Arbeit immediately (within 3 days). The same applies if the term of your employment is less than three months.
